Level:

[Image of pencil and petal art]
1 – PREPARE THE MATERIAL LIST

- Print the Bonpoint logo sheet
- Take FRESH flower petals
- 1 tube of glue
- 1 pen or pencil black

2 – STAGE PETALS

- Arrange the petals as you wish on the sheet
- Once the view is suitable, glue them delicately, taking care to press down on the entire petal to allow it to keep its original shape

3 – GLUE YOUR BRANCH

- Draw in pencil a slender stem and if desired some leaves.

Tip: for a better rendering, you can let your petals between 2 sheets of a large book 24 hours before the workshop to flatten them.
